> WE would recommend our readers to be a little circumspect in subscribing to the City Hall. In the first place we think that the Clock tower should be paid for before any other public work of the sort is set agoingand in the second place, we see some of the leading members of "Our Amateur" corns taking a great interest in the City Hall affair. Now the present theatre was erected by subscription; the amateurs claim the exclusive use of it, most decidedly ugainst the wishes of the subscribers; carrying their repellent jealousy so far as to refuse the loan of it to 'eminent musical artistes when they themselves in no way require it. Is there, we ask, any security that they will not play the same questionable game with the City Hall? We are of opinion there is a moral certainly that they will simply seek their own amusement and gratification. They are not the men who should be permitted to meddle in public affairs. They have been tried and have been

found dreadfully wanting. Again-the pretext which they so ingeniously devised for the refusal of the theatre One Dock, 160 feet long, can take in Vessels to Mr. Faylor; was that they required it to paint a drop scene in. The pretext was of course absurd, because there is abundant space, alongside the theatre to construct a shed for the purpose of painting scenes. That is not what we are driving at. The City Hall theatre will want scenes also, and as there will be no room to make a shed alongside of that, the pretext may stand good should it be raised when that shall be finished applied for. ference to the dimensions and situation of the proposed Building. The space which, is it confidently hoped, will he thus placed at the disposal of the Committee will enable them to embrace in their scheme the I. A Public Hall, to be called the St. Andrew's Hall, in acknowledgment of a sum of Five Thousand Dollars, which has been voted to the under-

taking from the surplus Funds of the late St. Andrew's School. This room will be available for Public Meetings, Public Dinners, Balls, Concerts and other public purposes. II. A Suppor Room adjoining the Hall, and which, together with the Hull, can be used, when

not specially required for other purposes, as an III. A Room for the Chamber of Commerce, where files of Newspapers, Prices Current, Books of Commercial reference and Telegrams will be opened to the use of Subscribers to that Insti-

IV. A Public Library for the objects stated by the Trustees of the Morrison Education Society in their printed Circular of the 1st May last. V. A permanent Theatre, which will encourngo visits to Hougkong by musical and histrionic artists from other parts of the East, and will obviate the necessary heavy and unsatisfactory outlay which the frequent erection of a temporary Theatre has hitherto entailed.

The remainder of the space will be absorbed by the Harbour Master's Office, which will be removed from its present position to one appropriated. for it in the North Eastern angle of the intended building, in accordance with the proposal submitted by the Committee to Government for permission to use the site which that office at present partially occupies

Finished plans have not yet been prepared, and it is proposed that, at the proper time, they should be thrown open to competition, but the Committee have satisfied themselves that the space they have applied for will be ample for carrying out the various objects enumerated above on a scale which will render the intended editice an ornament to the City, a convenience to the public, and in every way worthy of a Colony whose rapid growth and progress are the surest proofs of its wealth, enterprise and prosperity.

The urgency of the want that exists for a Public Building of this nature need scarcely be dilated on. Without diverting the Club House from its legitimate uses, at a great encrifice of the convenience of its mombers, there is not in the length and breadth of the City a suitable room which can be commanded for any object of general or social interest. The difficulties that attended the Innuguration Dinner of the Volunteers, the abandonment last winter of a Masonic Ball for want of a room to hold it in, and the disadvantages to which the professional Artists at present here are exposed, are a few instances amongst very many of the inconveniences occasioned by the want of a City Hall, a want, the Committee believe, which is not shared by any other foreign Community of equal importance East of the Cape, a want which has been recently supplied at Singapore and which they trust will not be allowed much longer to serve as an indication of an absence of public spirit fo-Hongkong.

The preservation of the valuable collections of Books in the care of the Trustees of the Morrison Education Society, and which are threatened with decay for want of a proper place of deposit, is an object which especially commends itself as a matter of public import in a region so remote from the great centres of civilization, and where the want of standard works of reference and solid instruction makes itself continually felt.

In reference to the important question of Funds, they have actually in hand a sum of upwards of Fifteen Thousand Dollars, which is expected to be ncreased to upwards of Twenty Thousand Dollars by a Donation from the Chamber of Commerce. This amount, which has been collected from various sources without any appeal having yet been purposes contemplated, and the Committee trust that further contributions will be liberally and spontaneously, tendered in support of the undertaking. Old residents, in retiring from the Coonly may perhaps adopt the example of some who have preceded them and evince their interest in its progress and in the well-being of their successors by a contribution to the Fund. The payment of interest on the Canton claims also affords an opportunity for Donations of sums of no great importance individually, but which in the aggregate

would materially assist the common object. The Provisional Committee in concluding their present report, have thankfully to acknowledge the repeipt of various amounts from Mr. John Dent. Mr. C. F.
